

Continuing Disclosure

Continuing Disclosure

The SEC requires certain continuing disclosure requirements under SEC Rule 15c2-12 that include annual financial information, audited financial statements, material event notices, failure to file notices and any other voluntary and relevant bond disclosures. The City is in compliance with all of these annual disclosure requirements.

The Municipal Securities Rulemaking Board (MSRB) collects continuing disclosure documents for public access via their Electronic Municipal Market Access (EMMA) software free of charge at: www.emma.msrb.org. Using the EMMA software at the above website link, you can review and retrieve the City of West Linn's continuing disclosure bond information which has been posted every year since fiscal year 2007.

Below are the City's CUSIP numbers which will help facilitate looking up the City's information easier.

General Obligation Bonds: CUSIP No. 954039 WEST LINN ORE

Water Revenue Bonds: CUSIP No. 954065 WEST LINN ORE WTR REV

What is EMMA?

The Electronic Municipal Market Access (EMMA) website was established to increase the broad comprehensive access to vital disclosure and transparency information in the municipal securities market. EMMA provides investors with key information about municipal securities, free of charge. The information on EMMA is presented in a manner specifically tailored for retail, non-professional investors who may not be experts in financial or investing matters.
